Assignment Contract

From what resources did you directly take code?
 // Code for the creation of the heap class and the associated methods were adapted
   from code examples in the *Learning Javascript* textbook.

Did you cite these resources directly in your code via comments and make it clear where the code that is not yours begins and ends? If you have not done so yet, please cite these resources directly in the code so that you can answer yes to this question.
 // N/A

What resources did you use as a reference for your assignment? Other than people in your group, with whom did you discuss the assignment?
 // Eloquent JavaScript Textbook and Learning JavaScript Textbooks as well as online forums and JS documentation such as we schools and node,js

If you are working in a group, please indicate the names of the group members and the contributions that each group member made, including yourself.
 // N/A

Did all group members materially participate in the submitted version of the assignment/ lab? If not, who did not participate in this version?
 // N/A

If this is a resubmission attempt, please detail what changed between the versions of the program.
 // N/A
